Farewell Mother Mary Thomas!

It was in a spirit of gratitude that we bid our farewell to Mother Mary Thomas on May 2nd as she left for her new assignment in Totowa, New Jersey. Over 17 years, Mother has devotedly and generously attended to the needs of everyone here in Villa Guadalupe. Her presence among us will be keenly missed. Our prayers will accompany her as she begins to embark on her new mission.

Mother Mary Thomas
and Jose Herrera (Resident)

Yá'át'ééh Mother Rosario!

On Sunday, June 5th, 2016, the Little Sisters, Residents, staff, families, and volunteers were anxiously awaiting the arrival of Mother Provincial Maria Christine, who was bringing our "new" Mother to us.

Mother Rosario Flor was delighted to return to Gallup after being away for ten years. She was given a warm Navaho welcome with each resident presenting her with a native flower.

On Monday the 6th, we were entertained by dancers: Miss Dh'ooshgai Princess Taya Tom, Latchia Tom and Tristan and Leilani Benally.

Our staff and elderly Residents also shared their musical talents with us. The entertainment was followed by a light refreshment. A great day was had by all!

COME AND JOIN US

The Little Sisters are holding 2 events for young people around the country this summer. If you are interested or know someone who might profit of this time of sharing, please contact Sr. Mary Raymond at 505-863-6894 or email her at vcgallup@littlesistersofthepoor.org

STATESIDE WORLD YOUTH DAY CELEBRATION:
July 28-31 Little Sisters Novitiate
Queens, NY

OPENING THE DOOR TO THE JOY OF MERCY:
August 5-6 Mobile, AL

“O my goodness...”

With the hot weather already upon us, our swamp coolers are up and running. However, in making sure that they are running as efficiently as possible, a study was done on the air ducts.

All 466 Registers which include return air grills and supply air grills and the surrounding areas need to be serviced. The cleaning will remove airborne contaminants, which may help to alleviate allergy and asthma symptoms among our Residents. Plus it will help to increase efficiency, reduce heating and cooling costs, and help prevent pre-mature breakdown & aging of our heating and cooling system.

The cost of this project is estimated at \$30,000.00 and will include cleaning of the Burners, Scroll Cages, Oil Motors and Clean Contactors.

With your donation you can help us to accomplish this task and provide quality air to our residents.
