

*March 17, 2020*

Due to the fact that New Mexico is under a state of emergency, we are following the CDC recommendations thereby restricting access to the Home. We want to protect our Residents from the Coronavirus. Ensure Residents are cared for in a safe and healthy environment is our first priority.

We are only allowing our staff to enter the building. Volunteers, visitors, family members and outside vendors will not be able to access our building.

We are posting signs on our entryway doors to notify visitors of this policy and actively screening individuals, including staff, who need to come into the building. This restriction is in effect until April 9, 2020. As indicated in the by the Department of Health, visitation is limited to people whose loved ones are receiving end-of-life care.

At this time, no one is sick with coronavirus, but we are taking all the necessary precautions.

Please keep in contact with your family member by phone to reassure them that this is to protect them.

As one family, let us pray to St. Jeanne Jugan to stop the spread of the virus and for the healing of those affected with the coronavirus.

Thank you for your understanding and God bless you!
