

*April 2, 2023*

**“Yá'át'ééh!”** Greetings to all our families, benefactors and friends in the most Holy Name of Jesus.

Since last October, we have opted to continue on with our weekly testing in our Home as a precaution to protect our Elderly Residents from covid-19. Visitations are ongoing and we are still encouraging the wearing of masks when visiting our dear Elderly Residents. This is a good precaution because of asymptomatic positive cases we have had previously.

In order to make our Residents happy we have had a few groups come to entertain them but still keeping a safe distance. The collaboration of our wonderful Staff, few volunteers and Little Sisters to come up with activities to render our Residents happy continue and we are becoming quite experts in creating them. The main aspect of all these activities which our Residents appreciate the most is being together as a family. That is why we, Little Sisters have at heart the saying of our Mother foundress, Saint Jeanne Jugan: “Making the Elderly happy, that is all that counts.”

On behalf of the little family of Saint Jeanne Jugan here in Villa Guadalupe, Gallup I wish to extend our sincere gratitude to all our families, benefactors and friends for your continued support. To God we entrust all your intentions and please pray for us that we will keep the faith and continue to respond to God’s will each day in our beautiful vocation as Little Sisters of the Poor. God bless each and everyone of you. “Ahéhee'.”
